

Hazard Communication Program

Rios Brick Pavers LLC

A. Company Policy

[Rios Brick Pavers LLC](#) is committed to the prevention of exposures that result in injury and/or illness; and to comply with all applicable state health and safety rules. To make sure that all affected employees know about information concerning the dangers of all hazardous chemicals used by [Rios Brick Pavers LLC](#), the following hazard communication program has been established. This written program will be available in [RIOS website www.riosbrickpavers.com](#) for review by any interested employee.

All work units of [Rios Brick Pavers LLC](#) will participate in the hazard communication program.

B. Container Labeling

[Angel Moya](#) is responsible for container labeling procedures, reviewing, and updating. The labeling system used at [Rios Brick Pavers LLC](#) is as follows:

*ALL Productos has to be label in black ink and large
Do not cover manufacturer Labels*

The procedures for proper labeling of all containers, and reviewing and updating label warnings are as follows:

ALL Productos has to be label in black ink and large
Do not cover manufacturer Labels

It is the policy of [Rios Brick Pavers LLC](#) that no container will be released for use until the above procedures are followed.

C. Safety Data Sheets (SDS)

[Angel Moya](#) is responsible for establishing and monitoring [Rios Brick Pavers LLC](#) SDS program. This person will make sure procedures are developed to obtain the necessary SDSs and will review incoming SDSs for new or significant health and safety information. This person will make certain that any new information is passed on to affected employees.

The procedures to obtain SDSs and review incoming SDSs for new or significant health and safety information are as follows:

SDS is available at www.riosbrickpavers.com file will be updated once a year and posted on website

Copies of SDSs for all hazardous chemicals in use will be kept in [Rios website www.Riosbrickpavers.com](#). SDSs will be available to all employees during each work

shift. If an SDS is not available or a new chemical in use does not have an SDS, immediately contact:

[Javier Hernandez at 4254173306](#)

Note: If an alternative to printed Material Safety Data Sheets is used (such as computer data), provide a description of the format.

PDF file located at www.riosbrickpavers.com

D. Employee Information and Training

[Juan Carlos Rios](#) is responsible for the employee training program.

The procedures for how employees will be informed and trained are as follows:

[Employees will read all safety manual and discuss the manuals with supervisors before first day of work](#)

[Juan Carlos Rios](#) will make sure that before starting work, each new employee of *[Rios Brick Pavers LLC](#)* will attend a health and safety orientation that includes information and training on the following:

- An overview of the requirements contained in the Hazard Communication Standard.
- Hazardous chemicals present at his or her work places.
- Physical and health risks of the hazardous chemical.
- The symptoms of overexposure.
- How to determine the presence or release of hazardous chemicals in his or her work area.
- How to reduce or prevent exposure to hazardous chemicals through use of control procedures, work practices, and personal protective equipment.
- Steps *[Rios Brick Pavers LLC](#)* has taken to reduce or prevent exposure to hazardous chemicals.
- Procedures to follow if employees are overexposed to hazardous chemicals.
- How to read labels and review SDSs to obtain hazard information.
- Location of the SDS file and written hazard communication program.
- An overview of the requirements contained in the Hazard Communication Standard.

Before introducing a new chemical hazard into any section of this employer, each employee in that section will be given information and training as outlined above for the new chemical.

E. Hazardous non-routine tasks

employees are not required to perform hazardous non-routine tasks.

F. Multi-employer work places

It is the responsibility of *Juan Carlos Rios* to provide employers of any other employees at the work site with the following information:

- Copies of SDSs (or make them available at a central location) for any hazardous chemicals that the other employer(s)' employee may be exposed to while working.
- Inform other employers of any precautionary measures that need to be taken to protect employees during normal operating conditions or in foreseeable emergencies.
- Provide other employers with an explanation of the labeling system that is used at the work site.

It is also the responsibility of *Juan Carlos Rios* to identify and obtain SDSs for the chemicals the contractor is bringing into the work place.

G. List of hazardous chemicals

The following table lists all known hazardous chemicals used by our employees. Further information on each chemical may be obtained by reviewing SDSs located at www.riosbrickpavers.com.

The criteria (e.g., label warnings, SDS information, etc.) used to evaluate the chemicals are:

[*label warnings*](#)

List of Chemicals / SDS identity:

Chemical Name	Manufacturer	Location Used
<i>Gasoline</i>	<i>multiple</i>	<i>multiple</i>
<i>Diesel</i>	<i>multiple</i>	<i>multiple</i>
